

Sammy's Tree Detective Challenge

"Head outside with your class and see how many tree and nature clues you can find. Remember! Look, observe and leave living things where you find them."

Name: _____

Date: _____

Can you find...

☐ **An evergreen tree**

Keeps its leaves or needles all year.

☐ **A deciduous tree**

Loses its leaves in autumn or winter.

☐ **Two different barks**

Are they smooth, rough, cracked or peeling?

☐ **A tree with needles**

Look closely at how the needles grow.

☐ **A cone, seed, nut, fruit or fallen leaf**

Look on the tree and on the ground.

☐ **A leaf bigger than your hand**

How big is it?

☐ **A wildlife clue**

A nest, web, hole, insect or nibbled leaf.

☐ **The tallest tree you can see**

Can you guess how tall it is?

☐ **A tree you can identify**

Write its name below.

☐ **A mystery tree**

One you don't recognise yet!

My tree clues

A tree I identified: _____

The most interesting clue I found: _____

Draw your favourite thing you spotted:
